BONFACE MAITHYA

PROFILE

With a solid foundation in IT and a proven track record in network performance enhancement and user support, I am an asset to any organization aiming to optimize its IT infrastructure. Currently pursuing a Diploma in Information Technology at Jomo Kenyatta University, I have gained hands-on experience as an ICT Officer at Makueni County Referral Hospital, where I provided technical support for network infrastructure, including routers, switches, and server machines.

My skills include effective time management, enabling me to respond promptly to user requests and troubleshoot issues efficiently. I also have experience in web development and graphic design, which allows me to enhance digital presence creatively. Additionally, my background in network management and administration equips me with the technical expertise necessary to maintain and optimize IT systems. I am committed to continuous learning and staying updated with the latest technological trends, ensuring that I contribute positively to any team I join.

OBJECTIVE

I seek a dynamic and demanding work environment that will allow me to leverage my skills, qualifications, and experience. I am committed to advancing my career, enhancing the performance of the organization I work for, and contributing to the betterment of society and the world. I am also dedicated to building strong working relationships and staying up to date with technological advancements and trends.

SKILLS & ABILITIES

1. PC and Network Maintenance:

- Managed and maintained computer networks and provided technical support for routers, switches, wireless access points and server machine.
- Installed and configured hardware and software monitored system performance, and troubleshoot issues.
- Maintained and repaired computers and provided technical support.

2. Front-end development

- Created web application for my final years Diploma project

- Worked with various programming languages to develop intuitive web application designs

3. Graphic design

- Responsible for creating graphical contents like Posters in my Previous role at Makueni county referral hospital.
- Worked with various graphical tools and Application.
- Proficient with Figma Software.

4. Teamwork and collaboration:

- Assisted to set up virtual meetings and conference presentations.

5. Time management:

- Responding to user requests for service, troubleshooting problems and help to develop solutions.

6. Communication and interpersonal skills:

- I possess strong written and verbal communication skills, enabling me to effectively convey ideas and research in a timely manner.

7. Problem-solving:

- Identified and solved complex problems using critical thinking and analytical skills.

8. Continuous learning:

- Stayed up to date with the latest trends and developments in the IT industry.
- Monitored software updates and spoofing for machines

EXPERIENCE

ICT OFFICER ATACHE, MAKUENI COUNTY REFERRAL HOSPITAL

2nd February 2024 – 26th April 2024

During my tenure, I collaborated with other ICT officers to ensure the seamless operation of the hospital's software and ICT equipment. My role involved providing technical support for the network infrastructure, including routers, switches, server machines, and wireless access points. I also handled minor repairs of computers, printers, and other ICT equipment, and provided user training for basic hardware and software use. Additionally, I assisted in maintaining the ICT inventory and documentation for equipment.

EDUCATION

JOMO KENYATTA UNIVERSITY OF AGRICULTURE AND TECHNOLOGY – JUJA – BACHELORS DEGREE IN INFORMATION TECHNOLOGY.

2025 To Date.

I successfully completed and graduated with a Diploma in Information Technology in September 2024. This comprehensive program provided me with a strong foundation in IT principles, practical skills in various technologies, and hands-on experience in problem-solving and system development. Following this achievement, I am now enrolled in a Bachelor's Degree program in Information Technology, where I aim to deepen my expertise and advance my career in the tech industry.

JOMO KENYATTA UNIVERSITY OF AGRICULTURE AND TECHNOLOGY – JUJA – DIPLOMA IN INFORMATION TECHNOLOGY.

2023 To 2024.

I successfully completed and graduated with a Diploma in Information Technology in September 2024. This comprehensive program provided me with a strong foundation in IT principles, practical skills in various technologies, and hands-on experience in problem-solving and system development.

JOMO KENYATTA UNIVERSITY OF AGRICULTURE AND TECHNOLOGY – JUJA – CERTIFICATE IN INFORMATION TECHNOLOGY.

2023 - 2023.

I successfully acquired a Certificate in Information Technology and graduated with a Credit score. This program equipped me with foundational knowledge and practical skills in IT, focusing on areas such as software applications, hardware basics, and technical problem-solving. It provided me with essential tools to build a career in the field of technology.

ST. MARTIN KATHONZWENI BOYS HIGH SCHOOL – KATHONZWENI – KENYA CERTIFICATE OF SECONDARY EDUCATION.

2018 - 2021

During my four-year period at Kathonzweni Boys High School, I successfully completed my studies and attained a mean grade of C (Plain) in the Kenya Certificate of Secondary Education (KCSE). This achievement reflects my dedication and consistent effort throughout my secondary school education.

KARI MWAILU DAY AND BOARDING PRIMARY SCHOOLS – KENYA CERTIFICATE OF PRIMARY EDUCATION.

RE:ST.1/26/VOL 8/110

25th April, 2024

TO WHOM IT MAY CONCERN

RE: RECOMMENDATION LETTER FOR BONFACE MAITHYA
ID NO: 41771457.

I am writing to highly recommend Bonface for any future endeavors in the field of Information and Communication Technology (ICT). He was an invaluable asset to our technical team during his three months attachment at Makueni County Referral Hospital.

Throughout his attachment period, he consistently demonstrated a high level of professionalism, dedication, and enthusiasm for learning. He had a strong grasp of ICT concepts and a keen ability to apply theoretical knowledge to practical scenarios. He exhibited a strong work ethic and an eagerness to take on new challenges.

Some of the duties and responsibilities that he performed during his attachment period include:

- Responding to user requests for service, troubleshoot problems and helped develop solutions.
- Supporting PC hardware components, desktop operating system software, and application software.
- Performing minor repairs to computers and printers and other ICT equipment.
- Monitoring antivirus software and updates and repair computers infected with spyware, adware or viruses.
- Assisting in maintaining ICT inventory records and documentation for equipment.
- Assisting in the setting up of the conference presentations and virtual meetings.
- Providing technical support for network including router, switches, and wireless access point other ICT devices.
- Assisting in verifying of ICT equipment.
- Performed any other duties as assigned.

In addition to Boface's technical skills, he also possesses excellent interpersonal skills, strong sense of accountability, team work and exceptional problem-solving skills that will make significant contributions in an organization.
